The Implementation Puzzle: Tools and Practices

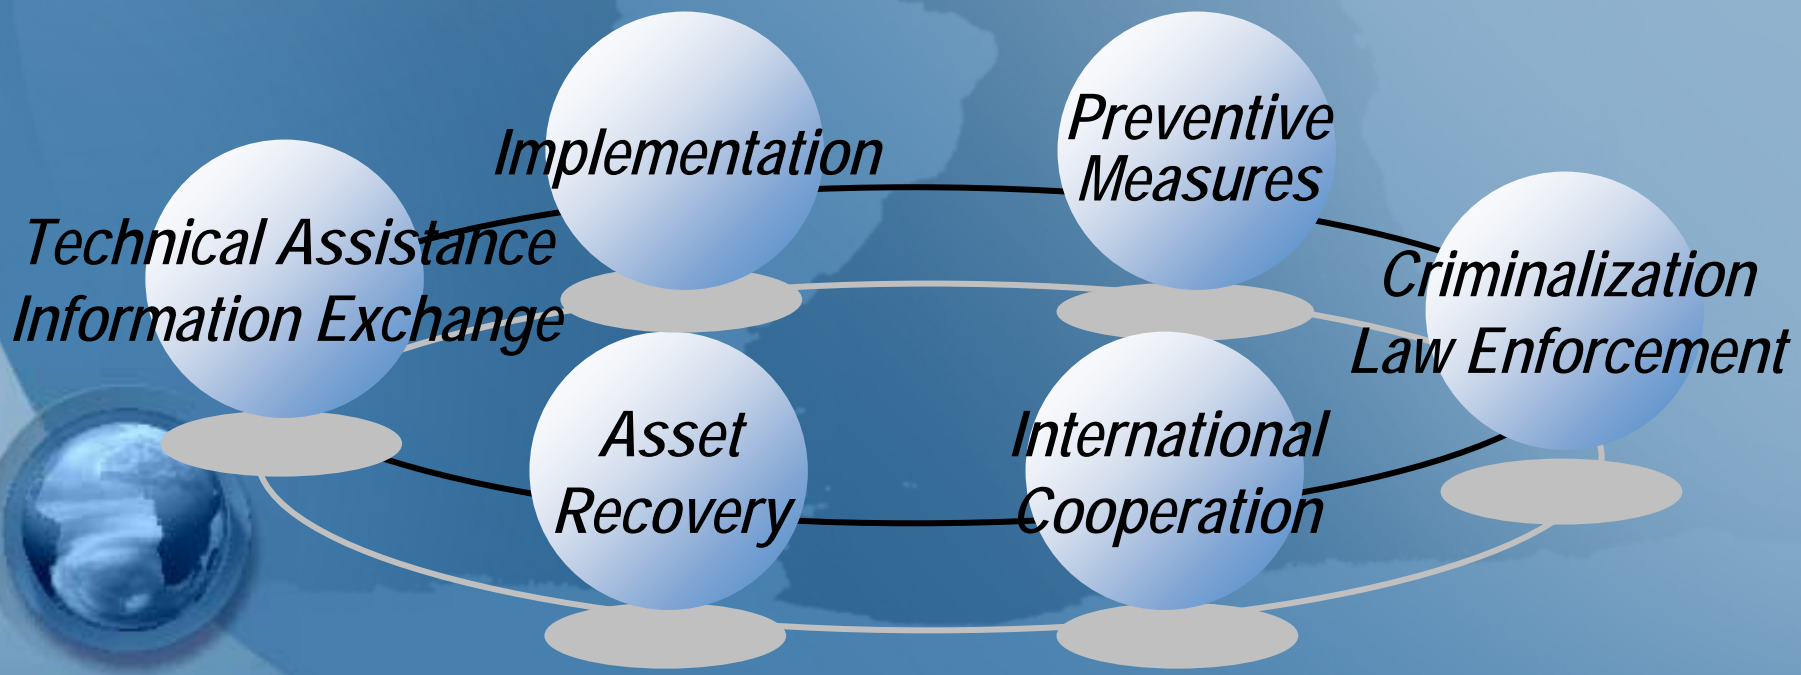

*International Anti-Corruption Conference
Guatemala, 15-17 November 2006*

“The adoption of the new Convention is a remarkable achievement.
But let’s be clear: it is only a beginning...
If fully enforced, this new instrument can make a real difference to the
quality of life of millions of people around the world...
It is a big challenge, but I think that, together,
we can make a difference”.

*Kofi Annan, Introductory statement before the
Plenary of the General Assembly
adopting the Convention on 31 October 2003*
